- Multi-location Access – Members can use multiple different locations during the same month
- Change Locations anytime – Members can change locations at any time
- Access to standard amenities, services, group fitness classes

# Here's how One Pass works

- 1 Eligible members receive a marketing awareness communication (pre-enrollment marketing)
- 2 Marketing materials direct to an unauthenticated landing page to learn more about the benefit offerings and either *Register* for or *Sign In*
- 3 From the One Pass landing page, members are taken to the authenticated site where they are presented with membership tiers showcasing features and associated monthly cost
- 4 Member selects a membership tier and provides credit card information for monthly billing
- 5 One Pass Confirmation Code is generated which is used to enroll into the gym network
- 6 Gym network enrollment is handled at gym location when member provides Confirmation Code for the gym to verify eligibility on their first visit only
- 7 Member can cancel, upgrade or downgrade their tier on a monthly basis
