### Steps to find a provider:

- **Click the link above based on your medical plan**
- **Click Health Plans**

The screenshot shows the UnitedHealthcare website interface. At the top left is the UnitedHealthcare logo, and at the top right is a link for "Your Saved Plans". A dark blue navigation bar contains "Your Plan Options", "Search for a Provider", and "Member Benefits". Below this, a large banner features the text "UnitedHealthcare SignatureValue® Plan" and a photo of a diverse group of people laughing. Underneath the banner, a section titled "Find the plan that fits you best" contains two buttons: "Health Plans" (highlighted with a yellow circle) and "Pharmacy Benefits". At the bottom, a section titled "Learn more about the benefits of a plan with UnitedHealthcare" includes three small image thumbnails.

- **Scroll down the page and click Search the Provider Network → click Continue on the pop-up window “You are now leaving our website.”**

savings account options not listed

### Prescription Coverage

Finding out if your prescriptions are covered is easy when you use Prescription Search.

[Prescription search](#)

---

### Are your providers in network?

Primary care providers are highly recommended.

[Search the Provider Network](#)

### Network coverage

Network coverage plays a big part in delivering you cost savings and quality care. With the network, you'll have access to a group of health care providers and facilities that have a contract with UnitedHealthcare. Finding providers in the network is easy when you use [Provider Search](#).

- **Click Continue on the Primary Care Provider Information Pop up**
- ## Primary Care Provider Information

### Urgent Care

As part of our commitment to keeping you informed, UnitedHealthcare provides a list of Independent Practice Association (IPA) and Primary Medical Group (PMG) links to your assigned IPA/PMG website.

If you have a serious or life-threatening emergency, please dial emergency services or go immediately to your nearest Emergency Room Facility.

If you are seeking Urgent Care services but your situation is not an emergency, please contact your Primary Care Provider (PCP). If you don't know where to find Urgent Care information, please contact the IPA/PMG phone number on your Member ID Card.

### Loma Linda University Health Care

If you wish to choose a primary care provider affiliated with Loma Linda University Health Care, you may do so only during your open enrollment period, which is determined by your employer, unless you are a new member (such as a new employee) or a current UnitedHealthcare member's newly eligible dependent. Otherwise, you may not transfer to a primary care provider affiliated with this medical group.

### Specialists

Generally, for UnitedHealthcare SignatureValue™ members to receive care from a Specialist in network, the member must receive an approved referral from his/her Primary Care Provider. For more information regarding covered services from Specialists, please refer to your Combined Evidence of Coverage and Disclosure Form or contact Customer Service at the number on the back of your ID card.

- **Results are automatically given within 20 miles, but you can change radius by using the drop down**

Note:

- Members will need to select a primary care physician (PCP) at the time of enrollment. If you do not select a PCP during enrollment, a PCP in your geographic area who is accepting new patients will be assigned.

- **Once a PCP has been selected, click on the Locations tab.**

- **Under the Locations tab, you will find the Provider ID number. Please indicate the primary care physician's name and 10-digit ID number on your enrollment form.**

- **IMPORTANT:** Some PCPs may have more than one ID number based on their medical group, location or hospital affiliation. Please be sure you select the ID number that aligns with the medical group, location and hospital of your choice.
